EDUCATION

Bachelor of Technology | Raj Kumar Goel Institute of Technology

Sept 2023 - Present

Class XII | R.K. Educational School

Jun 2023

Class X | R.K. Educational School

Jun 2021

INTERNSHIP

Web Developer Intern | SAM AI Technologies

Aug 2026 – Sept 2026

- Completed **5 web development projects** in 1-month internship, include websites, To-Do List, and e-commerce projects.
- Developed interactive and responsive websites using **HTML5, CSS3 & JavaScript, implementing Local Storage, animations, hover effects, music controls, and responsive UI.**
- Explored **React.js, Node.js & MongoDB** to build an e-commerce website with product filtering, shopping cart, authentication, and checkout features.

Skills Used: HTML5, CSS3, JavaScript, React.js, Node.js, MongoDB, Responsive Web Design, DOM Manipulation

Technical Architecture Intern | Autokryx Technologies Private Limited

Jun 2026 – Sept 2026

- Performed AI model testing, calibration, and evaluation on academic prompts to identify reasoning, structural, and response-quality issues and provide actionable feedback.
- Worked with LLMs and RAG (Retrieval-Augmented Generation) pipelines, focusing on context retrieval, response accuracy, prompt evaluation, and improving AI-generated outputs.
- Conducted product testing and technical documentation, including test-case creation, edge-case identification, bug reporting, and structured evaluation reports for engineering improvements.

Skills/Technologies: LLMs, RAG, AI Model Evaluation, Prompt Engineering, Python, Git/GitHub, API Testing

PROJECTS

Resume Building APP | Raj Kumar Goel Institute of Technology

Oct 2025

- Developed a **full-stack resume builder** using **Flutter and Python**, integrating GPT-based AI for automated resume suggestions and keyword optimization.
- Implemented **10+ features** including user registration, template selection, data management, and **PDF/DOCX resume generation** using Agile SDLC.

Gaming APP- Tik Tac Toe | Raj Kumar Goel Institute of Technology

Aug 2024

- Developed a functional **Tic-Tac-Toe game** using **Python and HTML**, implementing turn management, win/draw detection, and game-state handling.
- Built a responsive UI and optimized the game logic for **fast response time**, completing development through 4 Agile sprints.

SKILLS

• Python • Java • Web Development • Team Collaboration & Leadership • Problem Solving

CERTIFICATES

- Java Course | Intelli Paat Academy
- Machine Learning & AI Workshop | APPWARS
- Generative AI Workshop | DUCAT
- Employability Skills – Job Ready | Wadhwani Foundations

CO-CURRICULAR

- Gained valuable Industrial exposure during an industrial visit at **YAKULT** organised by Raj Kumar Goel Institute of Technology.
- Awarded a Certificate of Participation for successful and whole hearted involvement in an **Industrial Exposure** organized by R.K. Educational School and supported by Government of India's Department of Science & Technology
